Erratum

Correction to ‘Cis regulation within a cluster of viral microRNAs’

Monika Vilimova1,†, Maud Contrant1,†, Ramy Randrianjafy1, Philippe Dumas2, Endrit Elbasani3, Päivi M. Ojala3, Sébastien Pfeffer ⊕1,*,† and Aurélie Fender ⊕1,*,†

1Université de Strasbourg, Architecture et Réactivité de l’ARN, Institut de Biologie Moléculaire et Cellulaire du CNRS, 2 allée Konrad Roentgen, 67084 Strasbourg, France, 2Institut de Génétique et Biologie Moléculaire et Cellulaire (IGBMC), Department of Integrated Structural Biology, 1 rue Laurent Fries, BP10142, 67404 Illkirch-Graffenstaden, France and 3Translational Cancer Medicine Research Program, P.O. Box 63 (Haartmaninkatu 8), FIN-00014 University of Helsinki, Finland

Errors were introduced in equations 2 and 3’ during production of the article (1). The publisher apologises for these errors and wishes to correct the equations as shown below.

Equation 2:

\[
\frac{dK_i}{dt} = k_i^+ (f_i R_0 - K_i - K_i^*) - k_i^- K_i; \quad \frac{dK_i}{dt} = k_i^- K_i
\]

To

\[
\frac{dK_i}{dt} = k_i^+ (f_i R_0 - K_i - K_i^*) - k_i^- K_i; \quad \frac{dK_i^*}{dt} = k_i^- K_i
\]

Equation 3’:

\[
Y_i = \frac{K_i(t)}{R_0} = f_i k_i^+ t e^{-k_i^+ t} \quad (\text{if } k_i^+ \neq k_i^-)
\]

To

\[
Y_i = \frac{K_i(t)}{R_0} = f_i k_i^+ t e^{-k_i^- t} \quad (\text{if } k_i^+ = k_i^-)
\]
